

AIR FREIGHT EXPORTS

1. The quoted price includes charges as per the shipment type. For an airport-to-airport shipment, the price includes Air Freight and Freight surcharges. For a Door to airport shipment, the price includes Transportation of cargo, Air Freight, Freight surcharges, Airport handling charges, AWB fees, Customs documentation charges (ED) and DPC
2. The quote excludes Cargo loading onto trailer, customs inspection, approvals required by customs, Airport Storage, truck detention and other incidental charges.
3. The above rates are based on the details and cargo specifications provided in the enquiry. Any change to these specifications may lead to a change in rates/equipment accordingly. For any special instructions, please revert clearly in writing to avoid confusion and delays.
4. Flight schedules, space confirmation and flying timelines are all airline controlled and are subject to change without notice. The airline reserves the right to carry the cargo and any change in space allocation in flight and cargo acceptance/rejection will completely depend on the airline. Any document, additional information and/or particulars required by the airline seeking clarification on the nature, loading, packing, weight and technical specifications of the cargo has to be provided by the shipper. Fusion will not be responsible for the delay in moving the cargo and associated costs/charges due to any of the details mentioned in this clause and has to be borne by the customer. 5. Prior notice of a minimum of 24 hours required to execute shipment.
5. Airline charges, Customs Clearance & Delivery costs at destination are to Consignee's account. The quote for the same can be provided separately if the consignee needs Fusion's partners to locally provide this extended service at destination.
6. Prices are applicable to general cargo only. Perishable & Hazardous cargo will be quoted separately upon request.
7. Validity of freight pricing will be as mentioned in the quotation. However, during this period any major or substantial increases in the "Global Fuel Prices" or "Devaluation of Currencies" that may have an overall or direct effect on the inland transportation at origin or the freight cost will be notified in writing and appropriate changes will be amended to this contract/quotation.
8. Rates are valid only for the period mentioned in the quotation or the last flying date of the month during which the quotation was published, whichever is earlier, unless revised or revoked by Fusion and/or its associates.
9. Airport Storage charges will be applicable after the standard free time from the date of depositing the cargo into the port till the flight departure time.
10. In the case of shipments where transportation is a part of the quote, standard free time of 2 hours for loading the cargo will be provided. Truck detention will be applicable beyond the free time. In case of truck/trailer being retained on account of inspection or any customs related process or per customer's request, detention charges will be applicable till such time the truck/trailer is released.

11. Shipment transit time estimates are based on normal operational time frames and are controlled by terms & conditions regulated by carrier/customs/3rd party service providers, which is beyond forwarder control.
12. Fusion International Shipping & Logistics LLC shall not be responsible for or liable for any losses, shortages and/or damage to cargo due to force majeure, act of war, terrorism or any other unforeseen circumstances to the cargo during transit. All claims related to shortage/loss/damage to cargo due to any reason will be handled by our Insurance Provider and any settlement of claims will be done by them.
13. Insurance of cargo will generally be the responsibility of the Shipper/Consignee. However, Fusion International Shipping & Logistics LLC, can provide global insurance coverage for your cargo at reasonable premiums. The same can be quoted upon request. Shipment Terms and Conditions - Fusion International Shipping & logistics LLC
14. Documents provided for customs clearance are the sole responsibility of the shipper. All details in the documents like shipper/consignee details, details of cargo including description, HS codes and quantities are to be provided by the shipper. The shipper also undertakes to check the correctness of all the details in the document and Fusion holds no responsibility in checking the accuracy of the details.
15. The Shipper is solely responsible for the cargo that is getting exported and that Fusion International Shipping & Logistics LLC, its transporter, its agents and its associates are unaware of the type and nature of the cargo and any consequences arising out of mis-declaration of cargo to the customs, shipping line and other concerned parties will be on the shipper's account.
16. Any unclaimed cargo at the destination - either rejected by the consignee or consignee going incommunicado - will be the responsibility of the shipper. All charges incurred in abandoning, destroying or returning the cargo to the origin port or any other port requested by the shipper will be on account of the shipper.
17. Any and all customs requirement for clearance of cargo, wherever applicable, has to be provided by the shipper and any delays in providing such information/details requested by Customs or other competent authorities for the clearing of cargo and associated charges/costs/fines including detention/storage will be borne by the shipper at the origin and the consignee at the destination.
18. This quote shall supersede any prior quotes or oral/verbal agreements and discussions pertaining to the quoted rates. Unless mutually agreed in writing, quotations are not binding. Awarding the shipment to us automatically confirms the acceptance of the terms and conditions mentioned above.
19. All business transactions are in accordance with Fusion International Shipping & Logistics LLC, Dubai and are subject to Standard trading terms and conditions and can be downloaded from <https://www.fusionshipping.com/dubai/images/tradingconditions.pdf>

The customer is solely responsible for the cargo that is getting exported and that Fusion International Shipping & Logistics LLC, its transporter, its agents and its associates are unaware of the type and nature of the cargo and any consequences arising out of mis-declaration of cargo to the customs, shipping line and other concerned parties will be on the shipper's account.
18. Any and all customs requirement for clearance of cargo, wherever applicable, has to be provided by the shipper/consignee in their respective regions and any delays in providing such information/details requested by Customs or other competent authorities for the clearing of cargo and associated charges/costs/fines including demurrage/detention/storage will be borne by the shipper at the origin and the consignee at the destination.
19. This quote shall supersede any prior quotes or oral/verbal agreements and discussions pertaining to the quoted rates. Unless mutually agreed in writing, quotations are not binding. Awarding the shipment to us automatically confirms the acceptance of the terms and conditions mentioned above.
20. All business transactions are in accordance with Fusion International Shipping & Logistics LLC, Dubai and are subject to Standard trading terms and conditions and can be downloaded from <https://www.fusionshipping.com/dubai/images/tradingconditions.pdf> Shipment Terms and Conditions – Fusion International Shipping & logistics LLC
